Waterjet & Laser Cutting Services

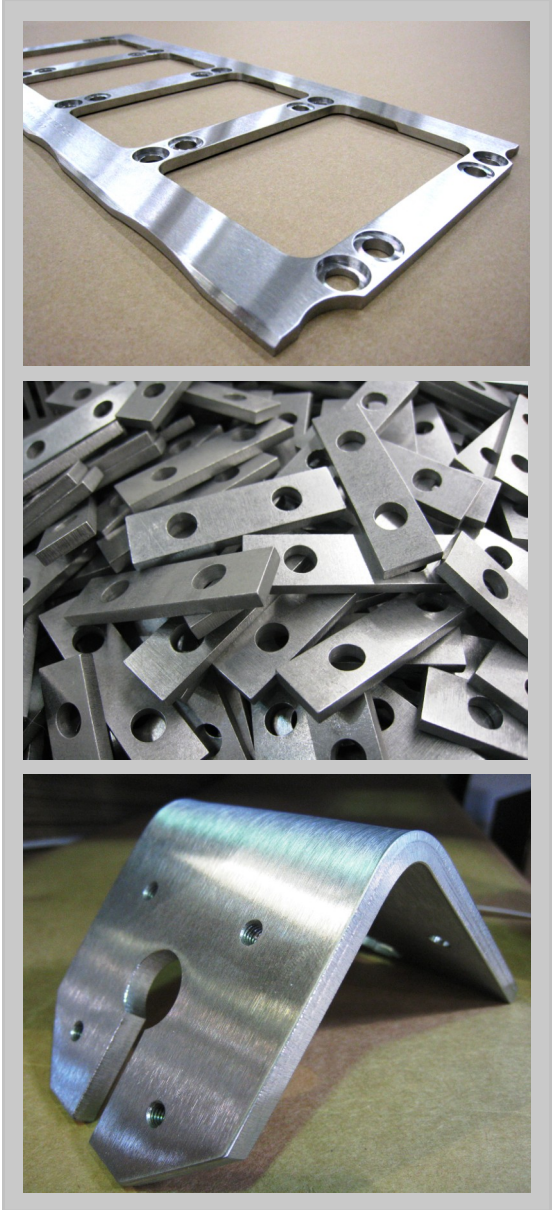

At Fedtech, we specialize in contract manufacturing services including waterjet cutting and laser cutting. But something that most customers don't know is that we also have a whole department dedicated to second operations.

This department handles our finishing, forming, tapping, assembly, welding, and more. Not only this, but we provide customers with a multitude of machining services including:

- Turning
- Drilling
- Milling
- Lathe services
- Tapping

Machining

Contact a Fedtech sales team member to find out how to receive a quick quote for your next project. Our team specializes in efficient and painless project management.

For more information about value-added services that we offer, visit our website at www.fedtech.com. There you can find photos, videos, podcasts, and a variety of information that can assist you in your next project.
